LIMITLESS

Bar(r)e Legs

PRESENTED BY

Alex McLean & Portia Page

Bar(r)e Legs

Barre-inspired classes offer a wealth of movement patterns and exercise progressions for the lower body to augment your traditional training. Join Alex and Portia on a journey through the lower body combining music and movement for a creative, inspiring workout. Your takeaway will be exercises and 4-creative sequences you can use with groups or your personal training clients to give new “legs” to your exercises and routines!

PROPS used:

Smart bells

Pilates ring

Therabands

Loop bands

Balanced Body Movement Principles

WHY?

- Serves as cornerstone of education
- Illustrates benefits for your clients
- Identifies imbalances as they happen
- Offers easy directive cueing
- Invests clients & students in the process

Lower Body Training Protocol

- 1. Optimize Alignment**
- 2. Create balance & ROM in hips, knees, ankles, feet**
- 3. Create balanced strength in all 3 planes of motion for lower body**
- 4. Create endurance for functional activities**
- 5. Train agility, balance, coordination and power**
