

## **Refrigerated Freight Information**

### **IF YOU ARE SHIPPING TO THE SHOW:**

On the following page is a label that was created specifically for product/items that need to be refrigerated upon arrival to the conference site. This is not to be used in place of your carriers shipping labels, this is just to mark the freight to be delivered to the correct location.

### **IF YOU ARE BRINGING YOUR ITEMS IN A PERSONALLY OWNED VEHICLE/VAN:**

You will still need to attach these labels to the pieces you need to be refrigerated. The loading dock will be staffed by freight personnel whom you can inform of the marked pieces that will be refrigerated when you arrive.

**\*\*PLEASE NOTE REFRIGERATED ITEMS MAY ONLY BE SHIPPED DIRECTLY TO SHOW SITE\*\***

### **RETRIEVING YOUR REFRIGERATED ITEMS:**

Items stored in the refrigerated unit will be billed a \$25 set-up fee and ½ hour labor each time you need to retrieve these items. There will be a service desk for the full duration of the show which you can visit to inform me of needed materials.

Refrigerated items are still subject to standard material handling rates.
